

Education

Department of Automation, Tsinghua University

Beijing, China

2021-

PhD in Control Science and Engineering

Advisor: Prof. Jiwen Lu

Department of Automation, Tsinghua University

B.S. in Automation

Beijing, China 2017-2021

Experience

BOSCH China Shanghai, China

Intern in Autonomous Driving Department

2023

Engineer topic: multi-task scene understanding, semi-supervised object detection.

Cambricon Beijing, China

Intern in Intelligent Processor Research Center

2020

Engineer topic: CNN acceleration and deployment on microserver with C-based language.

Research Interests

My research interest is 3D vision and robotics. In particular, I am interested in 3D scene understanding and its application in embodied tasks like navigation and manipulation. I believe embodied intelligence will reshape the society and benefit our lives. My long-term goal is to construct general embodied agents with the ability to perceive, plan and act in 3D space.

Publications

* Equal contribution, † Project leader.

Honors and Awards

NSFC Youth Student Research Grant (PhD)	2024
O Chinese National Scholarship	202
Outstanding Graduate of Beijing	2021
Innovation Award of Science and Technology, Tsinghua University	2020

Teaching Experience

Department of Automation, Tsinghua UniversityBeijing, ChinaTeaching assistant for Computer Vision2024-2025

Department of Automation, Tsinghua University

Teaching assistant for Pattern Recognition and Machine Learning

Department of Automation, Tsinghua University

Teaching assistant for Numerical Analysis

Beijing, China 2021

Beijing, China 2022-2023
